Assessment Disclosure

Disclosure of information contained in the Assessment concerning a Patient in alcohol/drug abuse treatment is made in this program with the consent of such Patient. Such information disclosed to the program is protected by Federal confidentiality rules (42 CFR Part 2). Federal rules prohibit the program from making any further disclosure of this information is expressly permitted by the written consent of the person to whom it pertains or as otherwise permitted by 42 CFR Part 2. A general authorization for the release of medical or other information is NOT sufficient for this purpose. The Federal rules restrict any use of this information to criminally investigate or prosecute any alcohol or drug abuse patient. There are exceptions to the Federal rules for holders (the program) of patient-identifying information. Those exceptions are:

1. Internal program communication
2. Crimes (or threats of crimes) committed on premises or against staff
3. Medical emergencies
4. Reporting to appropriate authorities' incidents of suspected child abuse/neglect
5. Research (Patient must be notified if research is being conducted) and other safeguards must be observed
6. Audit and/or evaluation (such as by the Georgia Dept. of Mental Health)
7. Federal, state or local court orders (after following specific procedures)

I, the undersigned do understand and accept the above.
